STANFORD, KY., TUESDAY, JULY 5, 1898.

NO. 35

Lancaster.

The 4th will not be celebrated in town, but a good many of our citizens will go to Dripping Springs, where Manager Rothwell promises a great time; others will go to McCreary's "lamb slaughterhouse in Richmond."

The Daniel Boone Club, chaperoned by Maj. J. A. Burnside, is encamped at the "cold spring" on Dix River. It has been the custom of this club for many years to have an annual outing on the 4th, lasting several days. Notwithstanding the grim reaper has thinned its ranks and many of the old members have left the community, the survivors keep up the time-honored custom.

Sunday's Courier-Journal contains a glorious description of the daring act of the auxiliary cruiser, *Hist*, at Manzanillo. The gallant little cruiser after seeing her disabled sister towed out to sea by her remaining companions, and herself being hit 11 times, still ran into Negruia Bay and sank a Spanish gunboat before returning to Sampson's fleet. Such work is characteristic of her commander, Lieut. Lucien Young, who frequently visited here when his mother, Mrs. Jane Young, resided here. Lancaster people have eagerly looked for daring deeds from Lieut. Young, but his act at Manzanillo surpassed their fondest expectations.

After a lingering illness, Mrs. Helen K. Herndon, wife of Capt. Wm. Herndon, breathed her last Sunday morning at 8 o'clock. She has been a patient sufferer for some time from a complication of throat and lung troubles. She was a daughter of Wm. H. Kinnaird. She was a zealous Christian, a devoted wife and loving mother, and in her death our community sustains a severe loss. She leaves four sons—Horace, Leslie, Benjamin and Louis and one daughter, Annie. Funeral services will be held at her sister's, Mrs. Kirby, at 3 o'clock, Monday, conducted by Rev. McDonald, of Danville, after which her remains will be interred in the Lancaster cemetery.

Claude Royston, after a two weeks' visit to his parents, returned to Chicago Sunday. He will have another promotion as soon as he returns to work. He is with Sprague, Warner & Co. H. E. Hughes has been made city editor of the Louisville Commercial. He is one of the brightest young journalists in the field and is rapidly going to the front. Miss Melville Hopper, daughter of Ed C. Hopper, of Covington, is visiting her aunt, Miss Jane Hopper. Joe Robinson has returned from a business trip through Tennessee. H. B. Northcutt is visiting his mother in Newport this week. Mr. F. Weckesser, of the Blue Grass Grocery Co., returned to Lexington yesterday. Rev. George Gowen left today for Washington. On Sunday next he will preach at the 9th Street Christian church of that city. M. D. Hughes ran down from Livingston Sunday to see his family and incidentally to secure a few tips on patriotism from T. J. Hatcher. Mr. Hughes is to be orator of the day at a grand 4th of July celebration and flag raising at Livingston today. Mr. John Shea is in Louisville this week.

Church Chatter.

Rev. H. C. Morrison's meeting at Somerset resulted in 40 or 50 conversions, reclamations, and sanctifications. Eight of those who professed religion under the preaching of Rev. W. R. Gales at the Presbyterian church united with that church Sunday.

Replying to an inquiry from W. C. T. U. sources, Lieut. Peary says that whisky is not an absolute necessity in the frozen north, but that it is advisable.

The highest salary ever paid to a clergyman in this country was \$50,000, given to Henry Ward Beecher for one year to enable him to defray the expenses of the famous Tilton-Beecher trial. Nashville is fully astir over the coming of the great Christian Endeavor Convention, July 6-14. At least 30,000 delegates and visitors are expected, and extensive preparations are going forward.

The infant child of Rev. and Mrs. W. E. Arnold, of Louisville, died Wednesday and its remains were brought to this city yesterday afternoon and taken to North Middleboro for interment.—Paris News.

An officer of the Puritan, which vessel is with the blockading squadron, writes that the temperature in his stateroom is from 92 to 95, but considerably over 100 between decks, and from 140 to 160 in the engine room. He thinks it remarkable that the crew have been able to withstand the heat for so many weeks.

A Paducah firm was awarded a contract to make 400 sets of hand-made harness, 1,400 collars and 253 army saddles for the Government. This is the fifth contract the same firm has received since the war was declared.

The first vessel to carry the American flag around the world was the ship Columbia, which sailed from port of Boston September 30, 1787.

POLITICAL POINTS.

The bankruptcy bill has been signed by the president and is now the law.

The People's Party will meet in Cincinnati in convention Sept. 5 to nominate a candidate for president and vice-president for 1900.

The governor of Alabama has decided to take no action in regard to the seat of Congress of Major Joseph Wheeler till March 4 next.

Mr. Jared Mock, a well-known farmer, trader and turfman of Boyle, told a Cincinnati Enquirer man that McCreary will get Boyle's vote.

"Black Bill" Smith, formerly U. S. district attorney, is mentioned as a probable early entry in the race for attorney general. But a "mention" is all that he will get.

Judge W. W. Jones, of Columbia, will be the republican candidate for Appellate Judge in the Third district on the Republican ticket. The district is unpleasantly close.—Times.

The prison commission decided after investigation that the legislators who passed the bills could not be beneficiaries under it, so every applicant of the number was left out of consideration.

The new Board of Prison Commissioners elected Eph Lillard, of Jessamine, as Warden, and Jervis Stone, of Spencer, as clerk of the Frankfort penitentiary. Henry Smith, of Bowling Green, was elected Warden at Eddyville.

The monthly statement of the public debt shows that at the close of business Thursday the debt less cash in the Treasury amounted to \$1,027,085,492, a decrease during the month of \$10,688,268. This decrease is accounted for by cash on hand received for bonds.

A number of positions under U. S. Marshall A. D. James have been abolished by the department of justice made in the interest of economy. One of the sufferers from the new order is W. A. Hunter, son of Dr. Godfrey Hunter, an office deputy, whose position paid him \$2,000 a year.

The Democrats of Maine at their convention adopted resolutions indorsing the Chicago platform, opposing the present prohibitory law and recommend the repeal of the constitutional amendment; declare that a reduction of tariff rates upon all railroads in Maine is necessary for the business interests of the State. Mayor Samuel L. Lord, of Saco, was nominated for Governor by acclamation.

A newspaper man at the Palace, who lives in that end of the Eighth Congressional district whence comes ex-State Senator Gilbert, candidate for Congress, said yesterday: "There are signs of disaffection in Spencer toward Mr. Gilbert in favor of McCreary. Spencer is Mr. Gilbert's native county, from which he removed a number of years ago to Shelbyville."—Cincinnati Enquirer.

Most of Gilbert's and Thompson's speeches were taken up here discussing the soundness of the Governor's silver principles. They failed to show that he is not the same James B. McCreary, the best Congressman ever sent from the 8th district whom Rockcastle will instruct for on July 9, and the convention at Danville will re-nominate to again carry the Democratic banner to victory.—Mt. Vernon Signal.

Gilbert's home paper, the Sentinel, says with reference to Thompson's assertion that he thinks he will win the congressional nomination: Mr. Thompson had better think again. Second thoughts are said to be always the best, and if he wishes to maintain his reputation for political acumen he will revise his opinion. He is not in it at all. Gilbert and McCreary constitute the circus and Thompson is only a side show.

Sam Jones, who preached at High Bridge Sunday, said to a reporter: "I think if the negotiations had been handled with a proper religious spirit, war would have been avoided. Now that we are in it, however, we should lick Spain out of her boots. If we do it will save us licking her again, and, maybe, some other nations. It will not do to stop until Spain gives up all her possessions and agrees to be decent like other nations."

A Georgia volunteer has received the following letter from his father: "Do not fail to let me know the very moment you are killed, so that I can order you sent home and arrange for an imposing funeral, of which the Northern papers will probably want photographs. Two of your uncles died in battle, and both had fine funerals. You deserve fully as much yourself."

The Kentucky Woman's Press Association was formed at Louisville with Mrs. Emily Walker Herr, president;

Miss Elvira Sydnor Miller, 1st vice president; Miss Mary Hall, of Covington, 2d vice president; Miss Marie Thixton, secretary; Miss Annie Czapski, treasurer.

Dr. L. S. McMurtry was elected pres-

ident of the Hospital college of medi-

cine at Louisville.

Gov. Bradley has just paid \$500 for a fine span of horses.

John Armstrong, sold to Robinson, of Boyle, a gelding for \$125.

R. H. Braughot got second money with Kitty B. at Latonia Friday.

J. H. Boone has bought a number of lambs for present till Aug. 20 delivery at 4¢.

The Himyar stake at Latonia was won by John Bright, who defeated Han d'Or and Pink Coat in the order named.

At a sale of Aberdeen-Angus cattle held by Wm. Miller at Storm Lake, Ia., June 15th, 11 bulls averaged \$183.20 and 46 females \$179.75.

Wheat is worth 65 cents on the Glasgow market, but the farmers are not falling over each other to get to mill with it at that price.—Glasgow News.

The first bale of new Texas cotton was ginned in Frye county, and was shipped to President McKinley to be made into gun cotton for the battleship, Texas.

Gale More, winner of the English Derby for 1897 has just been sold to the Russian Government for \$100,000. This is the largest price ever paid in Britain for a brood horse.

In August of 1812 wheat reached the remarkable price of \$5.60 a bushel—the highest on record. This was due to the failure of the English crop and to the prohibitive tariff on cereals at that date—Ex.

Brown Bros. sold their elevator near the C. S. depot this week to Cogar & Davis, Danville for \$5,000. Jewell & Patterson have this far sold 650 head of horses to the government.—Jessamine Journal.

Joseph H. Hagan, of St. Mary's has

a flock of 12 sheep, 11 ewes and 1 buck.

The flock produced him this year 22 lambs which he sold on the home market at 4¢ and 5 cents per lb. for \$1.05;

77 lbs. of wool at 20 cents, \$15.50, total \$96.05.—Lebanon Enterprise.

When Leonard Johnson, of this place, sold 2,000 bushels of this year's wheat at 75 cents during the advance last spring, his friends believed he had lost out; but he no doubt did the right thing, as the highest price now offered is 60 cents.—Burgin Messenger.

The wheat crop is about harvested,

and the threshers are now at work. So

far as we are able to learn the yield

will not be a disappointment, as, with

two or three exceptions, the crop is all

that it promised to be—wonderfully

large. Dealers are offering 60 cents.—

Bardstown Record.

Reports from the wheat crop in this

section in connection with smut is con-

firmatory of the idea that subjecting

seed wheat to a bath of water contain-

ing a solution of blue stone is almost a

certain preventive against smut pla-

gue. In no instance where blue stone

was used has any smut appeared.—

Warren County Courier.

E. W. Lyon has sold 700 bushels of

this year's crop of wheat at 62 cents.

Saunders & Co. bought 19 yearling cattle at Lawrenceburg at \$22. B. F. Saunders & Co. shipped 650 lambs to

Louisville and sold them at 6 and 6¢.

Also shipped a car load of hogs that

brought \$3.85. Many farmers are buy-

ing lumber and will build granaries to

store their wheat, for a better price.—

Harrodsburg Democrat.

Covington, Arnold & Bro. bought of

the Hon. John D. Harris 12,000 bushels

of this year's wheat crop, to be

delivered by July 15th, and of Embry

& Arbuckle 2,000 bushels at 6¢. Bales

& McElwaine sold to John Lyons for

Joseph E. Widener, the noted handler

of show horses, of Lynnwood Stock

Farm, Osgood, Pa., their fine 5-year-old

show mare, by Warlock, dam thoroughbred, for \$1,500.—Richmond Register.

Colson's men are a curious set. Repre-

sentatives from all the companies

called on United States Quartermaster

Lieutenant Suplee and requested him

to furnish them with bacon instead of

raw beef, saying, "we have been raised

on bacon, and do not like this beef."

Switzerland, although she spends

only \$600,000 yearly on her army, can

turn out 100,000 trained men in two

days in case of need, and has a reserve

of 100,000 or more, as well as a militia

of 270,000.

Admiral Camara would like to secure

the services of a troop of Kentucky toll-

gate raiders. Just think of having to

plank down \$160,000 in one plank to the

keepers of that Suez highway.—Louis-

THE INTERIOR JOURNAL

STANFORD, KY., - JULY 5, 1898

W. P. WALTON.

By order of Gen. John B. Gordon, general commander of the United Confederate Veterans, a statement has been issued in order to remove doubts and misapprehensions as to the holding of the reunion. The presence of actual war will tend to increase rather than diminish, the interest of the veterans in the great annual convention to be held at Atlanta, July 20-23. The assembling of the surviving heroes of the Confederacy—the men who participated in over 2,000 battles, and whose 600,000 enlisted men fought for four long years over nearly every foot of their territory, and until about one-half of their soldiers were dead from casualties of war, against 2,865,028 enlisted men, aided by 600 vessels of war, manned by 35,000 sailors—will act as a stimulus, as it will revive the martial spirit of the people, and will be an object lesson, and inspiration for the youth of our country. Gen. Gordon therefore urges the officers and members of all camps to commence now, without delay, making preparations to attend this great reunion, which is to be held at the historical capital of the "Grand old State of Georgia," and he has no hesitation in guaranteeing that from the world renowned reputation of the great people of that beautiful city and glorious State, that in the cordial welcome which they will extend to the U. C. V.'s, the grand old veterans of Atlanta, and of the entire State of Georgia, will strive by all the means at their command to excel the boundless hospitality so generously and lavishly extended at all our former reunions.

FROM what we can gather it is the plan of the opposition to Gov. McCreary to raise a row in the county conventions wherever possible and then flock off to "their little selves" and appoint a contesting delegation, hoping at the Danville convention to secure recognition by getting the temporary organization. Forewarned is forearmed. Let the McCreary men here and elsewhere act perfectly straight and fair, so as to cause no excuse for a bolt, but yield not an inch to unjust demands, nor surrender a single right. The majority must rule and submit to no hocus-pocus.

In this county McCreary has the majority and his followers must be here Saturday, and assert themselves.

A LIST of those who went with the Press Association shows that there are more outside deadheads than inside. Although weeklies are limited to two representatives, most of them have three and four and one inconsequential sheet, which is never heard of except on such occasions as this, has some six or eight. To permit such abuse of railroad and other courtesies is an unjust tax on those who are kind enough to help the boys along and will ultimately shut them out from all courtesies. And the sooner the better.

THE Williamsburg Times remarks with great gravity that "the last quarterly conference of this conference year passed off quietly at the M. E. church of this place." How else did you expect it to pass off pray? Was it expected that the presiding elder and the preacher in charge should engage in a fist fight and that the sisters should try which could yank the most hair from another's head?

THE Pullman Palace Car Co. is not likely to go to the wall. A quarterly dividend of \$2 a share, payable on and after August 15, and also a special dividend of \$20 per share has been declared. The surplus of \$18,000,000 will be distributed among the shareholders and the stock watered to the extent of \$54,000,000.

THE biggest joke of the season is that Col. Colson has applied to the authorities at Lexington for a policeman to preserve order in his regiment. The men are generally backwoodsmen of a very tough character and they are creating much trouble in camp and town. A lot of them beat a Negro, without excuse, so that he will die.

SUPT. DAVIDSON was right. The city of Louisville has been padding its school census to get a lion's share of the State's per capita. Last year, it reported 82,048 children and he refused to pony up for that number. The new census shows just 55,919 children, which will make a difference of \$65,000 to be sent to the city.

THE big battle at Santiago began on the 35th anniversary of the battle of Gettysburg, where the Americans met in civil strife and fought a memorable battle to the finish. They are no longer divided though and together are fighting in a cause that must prove victorious.

DEBOE has appointed his wife his private secretary. As the place pays \$150 a month it will be seen that the accidental and very bad misfit of a Senator keeps his financial eye open to windward.

IF there was a patriotic heart in America yesterday that did not swell with pride over our glorious victories it was because it was too callous to do so or it had not heard the news, which was three fold; Sampson had totally destroyed Cervera's fleet at Santiago, without a single exception; the American troops had reached Manila, capturing the Ladron Islands and its governor general en route and Shafter was waiting for a formal surrender of Santiago before laying it in ruins. Sampson's victory was almost equal to Dewey's, so complete was the destruction of the fleet. Those he did not destroy, the Spaniards ran close to shore and exploded.

Gen. Shafter telegraphed the war department Sunday that he had captured the outer strongholds at Santiago, but as his line was thin in places, he would not attempt to take the city till he got reinforcements. Sampson's victory, however, changed his mind and he immediately sent a demand for the city's surrender.

FIGHTING began in awful earnest at Santiago at 8 A. M. Friday. Maj. Gen. Shafter made an assault all along the line and after a hard fought battle lasting all day captured the outer Spanish intrenchments and drove the Spaniards into the city. The dons fought nobly, but could not withstand the determined attack of the Americans. The American fleet was also engaged bombarding the batteries at Aguadore. The American loss was heavy, Gen. Shafter at first reporting that 400 soldiers had fallen and afterwards saying that he had largely underestimated it. The Spanish commander, Gen. Linares, was shot during the day, but not seriously wounded.

Saturday the assault was resumed, but the success was not great, as Gen. Duffield failed to do what was expected of him, either from a lack of resource or inefficiency. Gens. Lawton and Chaffee effected a junction about noon, and the American artillery was pushed to a position from which it poured a fire into the city of Santiago. The American loss in the two days' battle will probably reach 1,200 killed and wounded. The Spanish loss is believed to be heavy, but it is not reliably estimated. Two thousand Spanish soldiers were taken prisoners.

One report says that an entire company was annihilated by Spanish shell. The Americans had to fight in the open, while the Spanish were protected by rifle pits, barbed wire fences and other obstructions.

ALL the papers printing a list of those who have gone on the Kentucky Press Association trip give the name of the editor of this paper as one of the crowd. We want it distinctly understood, however, that this is a mistake, as to the "corpus delicti." We may be present in spirit, but the body aforesaid is sweltering this 4th of July at hard work, while the editors are enjoying the delights of Mackinac. By the way our esteemed friend of the Danville Advocate, H. E. Woolfolk, has been elected president of the association and big hearted Bob Brown, of the Louisville Times, vice president.

WHEW! The way Gen. Castleman does go for "Gen." Forrester for making accusations against him in regard to the State's property in the Legion's Armory is even hotter than these torrid days. He accuses him of lying and most everything else unbecoming a gentleman and indirectly takes a swipe at Gov. Bradley.

JOE PARKER, who struts as the populist leader of Kentucky, tells the Cincinnati Enquirer that if McCreary is nominated he will have a candidate put up against him. As populists are as scarce as hen's teeth here, such action would be like most of Joe's performances, puerile.

GOV. BRADLEY made a fine speech at the Lexington Chautauqua on "Flag Day," when he took occasion to advance strong grounds against a war of conquests and the acquisition of more territory. He and Bryan and Cleveland are together for once.

THE C. & O. and B. & O. report that a disreputable Kentucky editor secured passes over their roads and sold them to brokers. The fellow's name should be given and be forever kept on the black list of railroads and newspapers.

"WAR means fighting and fighting means killing," the soldiers who joined the army for fun are finding to their sorrow. A recital of the story of the bloody battle at Santiago is sufficient to make their blood run cold.

DORCH CAMPBELL & CO. have taken charge of the Middlesboro Herald and adopted the thumb paper shape so prevalent among mountain publications. It will be independent in politics.

Old John Sherman, who is back from Alaska, says: It was the most delightful I have had the pleasure of taking. The strangest thing of all was the constant daylight. Alaska would be better governed had she regular territorial laws, is one conclusion I have reached on this visit. That prohibition law to which Alaskans object so strongly does not seem to prohibit entirely, as I noticed a great many saloons. If the law cannot be enforced it would be better were it taken off the statute books."

DEBOE has appointed his wife his private secretary. As the place pays \$150 a month it will be seen that the accidental and very bad misfit of a Senator keeps his financial eye open to windward.

GLORIOUS 4TH.

SAMPSON DESTROYS CERVERA'S FLEET.

Troops to Manila Capture Ladron Islands And Its Governor.

Shafter Has Santiago At His Mercy,

And Old Glory Floats From The Philippines To The West Indies.

WASHINGTON, July 4, 3 P. M.—Sampson cables that every Spanish ship is destroyed. Several hundred of the enemy killed and drowned and 1,300, including Admiral Cervera, made prisoners. Only one American killed and two wounded. The Christobal Colon got away, but ran ashore and lowered her flag, 60 miles West of Santiago. The president has just cabled Sampson the congratulations of the American people.

WASHINGTON, July 4th.—Gen. Shafter demanded surrender of Santiago. Spaniards refused. Truce now pending for 24 hours when bombardment of city begins.

WASHINGTON, July 4th.—Cervera's fleet attempted to dash out of Santiago harbor last night, and were attacked, all being destroyed but one, and that one is being pursued. Spaniards ran ships ashore and set them on fire.

Advices from Manila say that American troops captured the Ladron Islands en route and have governor general prisoner.

The Ladron or Mariana Islands are a chain of 15 in the North Pacific and to the North of the Carolines. They were named the "Islands of Thieves" by Magellan's ship's crew on account of the thieving propensity of the inhabitants. The climate is humid, but its trade winds make it milder than the Philippines.

WAR ECHOES.

The total strength of the army gone to the Philippines is 470 officers and 10,564 men.

Commodore Watson's orders are not to threaten the coast of Spain, but to run down and destroy Camara's fleet.

The Spanish Cabinet has decided to court-martial Admiral Montojo for getting himself so badly licked at Manila. Tons of mail matter for the soldiers and sailors operating in Santiago province and with Sampson's fleet are stored at Tampa awaiting transportation.

Gen. Merritt took along with him to the Philippines several millions of dollars for the soldiers and for an emergency fund.

There was a great demonstration at Camp Thomas Friday night, when news was received of the result of the day's battle at Santiago.

Kenneth Castleman, of Louisville, son of Colonel Castleman, will go with Watson's squadron to Spain. He has been promoted to First Assistant Engineer.

The weather is now so warm in Cuba that many of the soldiers feel overburdened with no uniform on but a cartridge belt and a hat.—Hopkinsville Kentuckian.

The Negro cook of Co. D., 1st Kentucky, called a member a bad name and came near being lynched. He was ordered to leave and stood not on the order of his going.

Gen. Shafter confirms the report that Gen. Linares was mortally wounded. Madrid reports concede that half the command under Gen. Linares Friday was killed or wounded.

Capt. William H. Lyons has been ordered to report to the commanding officer at Camp Alger, Va., for duty. In his new position Capt. Lyons is allowed a clerk, who is to be paid \$1,400 per annum.

Roosevelt's Rough Riders captured a Spanish spy, whom they found up a tree taking notes of what was going on in the American camp. He was turned over to the Cubans, who shot him, afterwards cutting off his head. The spy had been a pacifico.

In Madrid, the clerical organs publish violent articles against the advocates of peace, and the priests are preaching a war to the bitter end. The conservatives also declare against the idea of peace at the present moment.

Target practice has begun in every division at Chickamauga. The First corps is now ready to respond promptly to an order to move. Up to Friday night 11,203 recruits had arrived, and all the regiments at the camp will probably be filled in three or four days.

An order reached Gen. Brooke at Chickamauga Sunday to designate about 20,000 men for immediate departure to the South. It is believed he has selected the First division of the First corps and two brigades of the Second division. These include the First and Third Kentucky regiments. It is probable they will move this morning.

The American troops, 2,500 in number, on three transports, convoyed by the Charleston, arrived at Manila June 30 and began disembarking at Cavite the next day. They brought to Cavite as a prisoner the Spanish Governor of the Ladron Islands. A garrison was left at Ladron Islands.

Admiral Dewey has cabled to the Navy department that the situation at Manila is unchanged. Neither the transports with troops nor the cruiser Charleston had arrived June 27. No offensive move will be made by Aguilado until these forces arrive. A three days' gale had been blowing, which might have delayed the transports.

The 4th Kentucky staff officers are Col. David G. Colson, Lieutenant Colonel, David R. Murray, Majors, Sam'l. Morrow, W. H. Collier, Surgeon Major H. G. Kenyon, Assistant Surgeons, Ben L. Bruner and John C. Lewis, Quartermaster, Geo. W. Albrecht, Chaplain, John Stamper, Charles Baldwin, Regimental Adjutant; James Carroll, Sergeant Major, and P. C. Brashears, Quartermaster Sergeant.

The Chesapeake and Ohio has tendered to the war department the fleet of fine steamers owned by that company, plying between Newport News and Europe, at the actual cost of the vessels, with provisions for restoring them to the company when the department has no further need of them, at a figure that would be eminently reasonable. There are seven of these ships. They are of steel and of about 8,000 tons gross burden.

A cablegram says, three vessels of Admiral Sampson's fleet have just returned from an adventurous expedition to Manzanillo, during which they sunk two Spanish gunboats, one sloop, and one pontoon, disabled a Spanish torpedo boat, considerably damaged several of the enemy's gunboats and compelled the commander of a troop ship to run her ashore. One of Admiral Sampson's vessels, the Hist, was struck 11 times, and another, the Hornet, was disabled by a shell, which hit her main steam pipe. She was towed out of danger by the Wampatuck.

HAVE your eyes tested and properly fitted with glasses at Craig & Hockeys'.

WE are selling gasoline and coal oil stoves at actual cost. Guaranteed non-explosive. Higgins & McKinney.

G. D. CORSETS.—My entire up-to-date corsets all shape and sizes and colors, I now offer at what they cost me. W. H. Shanks.

THERE are 30-odd guests at Crab Orchard Springs and the number will be largely augmented before this week is out. Manager Hofmann is better than ever fixed to entertain.

THE McKinney Canning Co's plant was sold at auction to K. L. Tanner and Dr. E. M. Estes for \$2,200. They assume all the contracts that the company has made and will run it in its old name.

P. O. BOX RENTS have been reduced from 50 to 35c. Postmaster Florence thinks it is on account of his administration and is sure that if Mr. Rout had continued in office the price would have remained the same.

CUT TO PIECES.—Marshal Newland received a letter from Letcher Owlesley, county attorney of Garrard, Saturday, to go to the house of George Story and hunt for a set of harness stolen from Young West recently. The officer went and found the harness in the woods near Hale's Well, but cut all to pieces. Story, who is in jail at Richmond, stole it and his wife, it is thought, cut it up and hid it after he was arrested.

THE Hustonville National Bank shows up well as usual. Its earnings for the last six months on \$50,000 capital were \$4,283.26, from which a dividend of four per cent. was declared, and taxes and expenses paid, leaving a good deal to apply to other purposes. President Ed Alcorn and Cashier Hocker smile complacently while the other bankers sweat and groan under excessive taxation, and go right along making money for the stockholders and causing depositors feel their ample security.

CAMP WILDER is the name of the beautiful camp of the 6th U. S. Volunteers at Knoxville and Capt. W. B. Penny writes his wife that it admirably suited for their purposes. The letter of his company is "B." In his letter he says: Tell the people of Stanford I can not express my feelings in regard to the treatment of myself and men the day I left. That night, I must say, I was proud of the people of Stanford and proud of their doing the right thing at the right time. I certainly appreciate it, for it was a compliment to me and made my men feel better.

GEORGE OWLESLEY, Negro, better known as "Dummy," got on a tear Thursday night and shot his pistol promiscuously. Next morning he went into Warren & Shanks' store and asked Mr. Warren to give him something, which was refused. He became insulting and was put out. Later Mr. Warren went on the street and the Negro hit him on the head with a rock, causing the blood to flow freely. Judge Carson fined him \$10 for the disorderly conduct and he is working it out with ball and chain attachment. After he will get another fine for assault on Mr. Warren.

DUNCAN.—Another old Confederate soldier has gone to his reward. Campbell Duncan crossed over the river Friday and is now, we hope, with Jackson, under the shade of the trees. He was born in this county and when the tocsin of war sounded in 1861, entered the service for the Lost Cause, in Co. A., 6th regiment, Morgan's command.

While with that gallant commander on his Ohio raid he was captured and for two years was a prisoner at Camp Douglas, suffering the hardship and privations incident to such imprisonment. There he contracted chronic diarrhoea and that finally caused his death. At the close of the war he returned to Lincoln county and married. Two children were born to him, and they with a second wife, who was Mrs. James Melton, survive. Mr. Campbell was member of the Christian church and those who knew him say he was the soul of honor and integrity. The burial occurred Saturday, the T. W. Napier Camp of Confederates, paying all expenses.

SAUNDERS.—After a long illness that finally went into consumption, Mrs. Anna Saunders, wife of Mr. W. T. Saunders, died Friday, aged 42. She was from Garrard county and the daughter of Mr. Wm. Rothwell, who died when she was quite young. At the time of her marriage to Mr. Saunders in 1876, Judge Owlesley remarked that she was the prettiest girl ever raised in Garrard county. She was a second cousin of his wife and also closely related to Squire Wm. Kinnaird. Mrs. Saunders was a member of the Christian church and died in full hope of certain reward at His right hand. She talked with her husband and children at length, told them of her hopes and how to live so as to meet her in Heaven. Besides a grief stricken husband she leaves four children, Misses Mary and Susie and Walter and Miller, to suffer her loss, which can never be repaired. Rev. J. B. Crouch visited her often during her illness and she became so attached to him that Mr. Saunders got him to officiate at her burial, which occurred at Crab Orchard Cemetery at 3 P. M. Sunday in the presence of a large number of the friends and relatives of her former home.

J. H. BAUGHMAN & CO. will store wheat again. See them.

THE Stanford band and a large number of our citizens went up to the Crab Orchard flag raising yesterday.

I WANT to buy your wheat. Will give market price. See me before you sell. D. S. Carpenter, Hustonville, Ky.

THOSE who staid at home yesterday enjoyed reading over war bulletins fully as much as those who went off after imaginary enjoyments.

AN electric storm accompanied by a very heavy rain occurred from 11 to 1 o'clock yesterday and much damage to corn and other crops was done.

THE T. W. Napier Camp of Confederate Veterans chose Judges J. W. Alcorn and T. L. Shelton as delegates and Messrs. W. G. Welch and G. P. Bright alternates to the United Confederate Veteran's reunion at Atlanta, July 20-23.

CHICKEN STEAL.—Mrs. Martha Sevance's chicken house was broken into Friday night and a dozen or so fowls stolen. Some of them had cholera though and the scamp who appropriated them didn't get the bargain he thought he did.

KILLED.—Ep Hill, son of John M. Hill, of this county, was crushed by a log at Ferndale and instantly killed. As he was a very large man and the weather was very warm the body was interred there to await removal to his old home in the fall.

Rain interfered with the speech making at the flag raising at Crab Orchard yesterday and at 2:30 no orator had taken a flight on the eagle's back. The flag was raised though in the presence of a large crowd and now floats gracefully from a pole 86 feet high.

AN I. J. reporter had the pleasure of spending Sunday at Green Briar Springs, Mr. T. H. Wright, manager, and can testify with legions of others that he has a charming resort. He is an A. 1 host and with his wife and mother to superintend the culinary department he is well equipped for the successful season his friends hope he will have. A good crowd is expected this week.

KILLING AT CRAB ORCHARD.—Emory Beazley telephoned us from Crab Orchard yesterday that George Stephenson, a Negro, shot and killed Joseph Tilford, a white boy, 18 years of age, without known cause. Stephenson lives in the Deep Well Woods.

AS we go to press news comes by telephone that a rope has been bought and that the Negro will be hanged if he can be gotten from the sheriff.

HORSE AND BUGGY STOLEN.—About three weeks ago two men whom he did not know called at T. H. Wright's livery stable at Moreland and hired a horse and buggy to drive to Liberty, paying for it at the time, but since that Mr. X. has not been able to hear hair nor hide of his property. The horse was a valuable brown gelding and the buggy was a first rate one. He has notified police in various towns, but so far the whereabouts of the turn-out is a mystery.

DIED.—Gemima Nelson, the woman shot in the row between Bill Lewis and John Smith, died Friday from the result of her wounds, just two weeks after her infliction. She was shot twice in the back, presumably by Smith, who had a .32 pistol, while Lewis had a .44. Drs. Craig, Peyton, O'Bannon and Phelps held a post mortem and found one of the balls, a .32, to the front of the arm pit. The course of the other was traced to the lung, which had rotated, and could not be found. The men were fighting over the woman, but it is not thought that either had any intention of killing her. Lewis is said to have held her between him and Smith during the shooting and that she caught the balls intended for him. Lewis was out on bail, furnished by Messrs. G. B. Cooper and M. F. Elkin, but on the death of the woman they had him returned to jail.

SANDERS.—After a long illness that finally went into consumption, Mrs. Anna Saunders, wife of Mr. W. T. Saunders, died Friday, aged 42. She was from Garrard county and the daughter of Mr. Wm. Rothwell, who died when she was quite young. At the time of her marriage to Mr. Saunders in 1876, Judge Owlesley remarked that she was the prettiest girl ever raised in Garrard county. She was a second cousin of his wife and also closely related to Squire Wm. Kinnaird. Mrs. Saunders was a member of the Christian church and died in full hope of certain reward at His right hand. She talked with her husband and children at length, told them of her hopes and how to live so as to meet her in Heaven. Besides a grief stricken husband she leaves four children, Misses Mary and Susie and Walter and Miller, to suffer her loss, which can never be repaired. Rev. J. B. Crouch visited her often during her illness and she became so attached to him that Mr. Saunders got him to officiate at her burial, which occurred at Crab Orchard Cemetery at 3 P. M. Sunday in the presence of a large number of the friends and relatives of her former home.

THIS is July 1 and your account is made out and ready. Don't delay paying us. Beazley Bros.

AS usual the commencement exercises of Stanford Public School, Dr. W. D. Tardif, principal, delighted those who attended them at Walton's Opera House Thursday evening. There were four graduates, Misses Joe Allie Reid, whose subject was "Cuban Freedom and Annexation;" Mary Estelle Jarman, "Onward and Upward;" Annie R. Hansford, "What of the Future?" and Lula B. Carpenter, "American Patriotism." The young ladies all acquitted themselves creditably and each was liberally applauded and remembered with flowers and presents. Prof. Frank L. Williams, of Louisville, was detained at home and Mr. Samuel W. Menefee presented the diplomas in a neat and fitting speech. The choruses were well rendered by 20-odd girls and the duet by Dr. and Mrs. Tardif was greatly enjoyed. The hoop drill by 20 small girls and the drill of transparencies, which showed "Remember the Maine," &c., each pupil presenting one letter, were highly interesting and the latter was exceedingly unique. The receipts were \$42, a part of which will go toward building a schoolhouse on the lot purchased some time ago. Dr. and Mrs. Tardif deserve much credit for their annual entertainments which never fail to please even the most fastidious.

THE friends of Messrs. Gilbert and Thompson, or rather those who oppose Gov. McCreary, are raising heaven and earth, in their still-hunt way, to defeat the latter gentleman in this county. Tactics unbecoming even the republican party are being resorted to and the stories that are being told on the governor are so utterly absurd that they are rather amusing. There is no doubt about Lincoln being largely for Gov. McCreary, but when it is known that every voter who opposes him will be here, it will readily be seen the necessity of the McCreary men being on hand at the convention at 2 o'clock next Saturday afternoon. It would be worse than foolish to let the few say that the instructions of this county shall go to other than the gentleman who has so ably represented this district in Congress and who has never failed to answer a single call made by Lincoln county democrats, and for whom at least four-fifths of them are for. Come Saturday and let there be no uncertainty as to whom the democrats of Lincoln want to succeed the gray gelding. Come and let the majority say who will have the pleasure of sending Davison to grass. The East End will send down a considerable delegation of opponents to McCreary, and the Crab Orchard wagon has been chartered to bring them. We are told that men who refused point blank to support the democratic ticket, not only in 1896, but last year, are those in that section of the county who most cheerfully support Gov. McCreary's pair of opponents.

MATRIMONIAL MATTERS.

Thomas Harris, aged 74, and Mrs. Susan Wooldridge, 66, were married at Jasper, Ind.

Mrs. Nancy Moren, aged 92, mother of Judge W. T. Moren, died at his home near London.

Mr. Holly Carlton, of Lawrenceburg, and Miss Margaret Harbison, of Mitchellsburg, were married last week.

David Hopper, aged 16, and Miss Amanda J. Kelley, 41, and crazy off and on for 10 years, were married at Valley View.

Miss Fannie Hines, of Mt. Sterling, will go as a missionary to Korea for the Woman's Board of Missions of the Methodist Church.

In a fight at a dance near Rockwood, Tenn., Joe Ray was fatally shot and Sam Huston seriously stabbed. They fought over an engagement with their mutual sweetheart.

It is believed that the Second Kentucky will get orders to move along with the First Corps. This morning an order came from Gen. Wade to Inspector Gen. David Vickers to inspect the regiment in detail. The regiment was at drill. It was called in and the men put in heavy marching order. Maj. Vickers with Col. Gaither examined every man and his outfit minutely, and at the conclusion the inspector turned to Col. Gaither, saying: "Gaither, you have as fine a regiment as there is in Camp Thomas, and I shall so report to Corps Headquarters."—Dispatch to Cincinnati Enquirer.

SAUNDERS.—After a long illness that finally went into consumption, Mrs. Anna Saunders, wife of Mr. W. T. Saunders, died Friday, aged 42. She was from Garrard county and the daughter of Mr. Wm. Rothwell, who died when she was quite young. At the time of her marriage to Mr. Saunders in 1876, Judge Owlesley remarked that she was the prettiest girl ever raised in Garrard county. An associated press dispatch from Santiago Friday said that after five hours' terrific fighting, the Spanish began to leave their intrenchments and retreat into the city. Many Americans are wounded and were being brought in. One man had both arms shot off and was wounded in the hip, but was laughing.

At Camp Alger, Va., where white and colored troops are encamped, the following incident is alleged to have occurred. A colored officer was standing by a sutler's tent when a Tennessee white private came up. The officer turned to the private and remarked:

"Were you not taught to salute officers when you meet them?"

"I didn't notice that you were an officer," said the Tennesseean.

"Don't you know an officer's uniform when you see it?"

"All coons look alike to me," replied the Tennesseean as he walked off.

The colored officer reported him for disrespect and now some of the horrified Northern newspapers are demanding that he be immediately shot.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." —Edwin Nordstrom, Drugs, etc., Sacred Heart, Minn.
